Clearview

Clearview

See and be seen with every step you take

We're very excited about the latest addition to our Contemporary range.

Using toughened glass sections puts Clearview right on-trend but the sculpted silhouette of each panel still hints at the traditional elegance of a Georgian or Edwardian timber spindle.

And Clearview's visual intrigue doesn't stop there as each glass casts shadows and holds reflections as individual as you are.

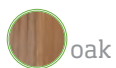

Remember you can mix in more traditional elegance with a range of alternative newel posts.

Iron

NEW! - Round Iron Balusters available April 2014

Iron

The joys of tradition mixed with stylish modern design

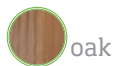

Iron takes the distinctly timeless luxury of classic materials such as Oak and Iron and endows them with a versatile modern design that fits comfortably into any home. The spindles of these well engineered staircases can also be painted and tailored to complement your decoration. Iron delivers quality and luxury that fits around you.

Enhance style with the addition of colour, ensuring a harmonious blend with your interior. A range of alternative newel posts offers further personalisation.

Axxys[®] Origin

Axxys® Origin

Combining a love of the past with a passion for innovation

Axxys® Origin blends reflective metallic detail with the organic warmth of quality timbers. Choose from oak, walnut or pine to create a staircase that is respectful of the past but very much designed for the future.

This stunning statement is Cheshire Mouldings' unique patented design and is suitable for most domestic stair pitches between 38° and 45°.

Axxys[®] Evolution

Axxys® Evolution

Beauty that improves with age

Evolution is about subtle changes, a continuous process of fine tuning over time to create something that's perfect for its intended use.

Our Evolution stairparts are just the same. We've taken elements from throughout Axxys® and combined them to produce a range that's subtle, balanced, stylish and tactile.

This patented design is the height of style, featuring beautifully sculpted and contemporary components in chrome or brushed nickel.
